Girlfriend, I know you didn't think i would forgive this time

Girlfriend, Cuz people just don't get it till its over
Girlfriend, And even if i did we'd never be the same

So lets let it end, I'm sure i never wanna talk again
I don't wanna hear ur voice again, and i don't wanna see your face
I'm sure im a be alright if i never have to see your smile
I don't care if you walk away

It's true i feel this way girl
I hope it hurts you like you hurt me
So whats it like by yourself in the cold
Without me hold you down indoor
I say these things beacuse there in my veins

Girlfriend, I gotta let go ain't no future here
Girlfriend, I'm getting tired of you appologising
Girlfriend, We could make it work i gave you chances,
Oh I dont't wanna try (ohh)

Because you always wanna make a scene, And it's so embarrassing
You always wanna pick a fight
Then you go another lie again, In the car with your friends again
Heard how you can laugh with him

It's true i feel this way girl (this way girl)
I hope it hurts you like you hurt me
So whats it like by yourself in the cold (in the cold)
Without me hold you down indoor
I say these things beacuse there in my veins (there still in my veins)

Don't wanna imagine what could of been
If you didn't do what you did babe
The truth is i wish things never changed
And they stay the same

It's true i feel this way girl
I hope it hurts you like you hurt me (i hope it hurts, i
hope it hurts you)
So whats it like by yourself in the cold
Without me hold you down indoor
I say these things

It's true i feel this way girl
I hope it hurts you like you hurt me
So whats it like by yourself in the cold (in the cold)
Without me hold you down indoor
I say these things because there in my veins
