

## Range "Price Of Love"

Visit "[Price Of Love](#)" on [MotoLyrics.com](http://MotoLyrics.com)

(Verse 1)

Loves like a car riding on the freeway,  
Speeding to fast, going in the wrong way  
Put it on the line to much now it's to late,  
To turn around with you ( to turn around with you)  
Everything to lose no regards of safety,  
I can make the news tragedy from heartbreak  
Heading in a truck straight for me,  
Choice is yours you can hurt me or love me

(Chorus)

In your hands (yours)  
You can tell me no (no)  
You can tell me stay (stay)  
You can make me wait (wait)  
In your hands, baby the choice is yours  
So you can help me fly (fly)  
You can watch me fall (fall)  
So what if I die (so what if I die)  
So what if I die (so what if I die)  
So what if I die  
It's the price of love (it's the price of love, love)

(Verse 2)

Flushed in, didn't mean to push you away,  
Did I scare you, I only wanna tell you  
That I'm right here if you need me,  
You make falling in love so easy  
Oh, should of told you no, no, oh  
Should of just let us go through,  
But my heart is

(Chorus)

In your hands (yours)  
You can tell me no (no)  
You can tell me stay (stay)  
You can make me wait (wait)  
In your hands, baby the choice is yours  
So you can help me fly (fly)  
You can watch me fall (fall)  
So what if I die (so what if I die)  
So what if I die (so what if I die)

So what if I die  
It's the price of love (it's the price of love, love)

(Bridge)  
One way no exit gave it all away,  
Nothing can save me no safety break  
Only you can stop the crash last,  
My heart lies

(Chorus)  
In your hands (yours)  
You can tell me no (no)  
You can tell me stay (stay)  
You can make me wait (wait)  
In your hands, baby the choice is yours  
So you can help me fly (fly)  
You can watch me fall (fall)  
So what if I die (so what if I die)  
So what if I die (so what if I die)  
So what if I die  
It's the price of love (it's the price of love, love)  
So what if I die (so what if I die)  
So what if I die (so what if I die)  
So what if I die  
It's the price of love (it's the price of love, love)
