If there's anyone I count on in this world  
It's you, it's you  
You never failed me, betray or leave me  
And it calls to trust... see me  
And I know that it ain't always that easy, to do  
Love me with your all  
I know you will, I know you will,  
I know you will  
Catch me when I fall  
I know you will, I know you will  
I know you will

If I only had one call to save my life  
It's you, whoa, it's you  
You never failed me, betray or leave me  
And it calls... deceive me  
And I know that it ain't always that easy, to do  
Love me with your all  
I know you will, I know you will,  
I know you will  
Catch me when I fall  
I know you will, I know you will  
I know you will

And no stop, can never be lost  
You, you show me the way  
Doesn't matter anywhere that you are  
Cause I know you come back for me  
No tears, it's clear I'm comforting your love  
No fear, cause you're here, know you love me  
Now I'm ...around,  
I know you will, I know you will  
I know you will  
Catch me when I fall  
I know you will, I know you will  
I know you will  
Now I'm ...around,  
I know you will, I know you will  
I know you will  
Catch me when I fall  
I know you will, I know you will  
I know you will
