Youre back to win
To start again
Searching for the power
That youve had before
The tables turned
Mistakes youve made
Stop telling lies - no angeleyes
Just look straight ahead
Dont be afraid to roll the dice
Open up your eyes
So hit the road and memorize
Youre not for sale
Youre born to run
So take it from the start
You know youre born to run
Dont lose your heart
Now youre calling the shots
So youd better watch out
Dont you understand you cant deny
What you have done before
But dont you know

Your time will come
Forget the past - just head out
Head out for your aims
And in the end you'll see the light
Tearing up the night
So let it shine and realize
You're not for sale
You're born to run
So take it from the start
You know you're born to run
Don't waste your time and realize that you're
You're born to run
Tomorrows here today
cause you're the number one
You're leading the way
So just believe me
You'd better watch out
Your time will come
Mark my words
Think about it
I wanna tell ya
You're born to run
So take it from the start
You know you're born to run
Don't waste your time and realize that you're

You're born to run

Tomorrows here today

cause you're the number one

Fight the fight - light the light - realize you're

Born to run
