I took a walk in the midnight hour  
By the dock and the churchbell tower  
I felt the night bust open wide  
Midnight angel by my side

I passed young lovers on the street  
Holding hands, shuffling feet  
Makes one wonder where love goes  
Midnight angel only knows

Midnight angel meet me down  
By the water's edge and the harbour town  
I'll bring the lock you bring the key  
Midnight angel comfort me

Up above the seabirds fly  
Shimmering white in a wintry sky  
How I love to watch them soar  
Don't seem to dream much anymore

Midnight angel meet me down  
By the water's edge and the harbour town  
I'll bring the lock you bring the key  
Midnight angel comfort me

I took a walk in the midnight hour  
By the dock and the churchbell tower  
I felt the night bust open wide  
Midnight angel by my side

Midnight angel meet me down  
By the water's edge and the harbour town  
I'll bring the lock you bring the key  
Midnight angel comfort me

Midnight angel meet me down  
By the water's edge and the harbour town  
I'll bring the lock you bring the key  
Midnight angel comfort me  
I'll bring the lock you bring the key  
Midnight angel
