May the angles protect you
and trouble neglect you
and heaven accept you when it's time to go home
May you always have plenty your glass never empty
And know in your belly your never alone

May your tears come from laughin
May you find friends worth havin
With every year passin it worth more than gold
May you win but stay humble it and
smile more than grumble
And know when you stumble your never alone

Never Alone
Never Alone
I'll be in every beat of your heart when you face the
unknown
Where ever you fly this isn't goodbye
I will follow you stay with you baby your never alone

Oh I have to be honest
As much as I want it
I'm not gonna promise the cold winds won't blow
So when hard times have found you
Your fears surround you
Wrap my love around you
And your Never Alone

Never Alone
Never Alone
I'll be in every beat of your heart when you face the
unknown
Where ever you fly this isn't goodbye
I will follow you stay with you baby your never alone

Never Alone
Never Alone
I'll be in every beat of your heart when you face the
unknown
Where ever you fly this isn't goodbye
I will follow you stay with you baby your never alone
My love will follow you stay with you

baby your never alone
