Hey hey sweet darlin'
Let's go dancing tonight.
My clock has been ticking
It tell me the timin's just right.
Well I woke up this mornin'
With a feeling I call lonesome and blue, yeah.

And there's no need in asking - 'cause I know
You feel the same way too.

Hey hey sweet darlin'
Let's lay the whole thing down
Well, this world if you let it,
Will drive you into the ground
I got twenty dollars and I know
That it can get us by the door,
Oh when the band starts playing
How could they ask us for more.

We may do the bump and grind
Shake around our little behinds
Do some things that you normally do
On a Saturday night - hey, hey, that's all right
We may drink a little too much.
We may lose our fancy touch
And step outta line with reality
That's the way it to be.

And there's no need in asking - 'cause I know
You feel the same way too.

Hey hey sweet darlin'
A lot of our words have been unkind.
oh, but that was yesterday
Why don't we leave the past behind.
Well, you know that I love you
And uou know that'll always be true.

And there's no need in asking - 'cause I know
You feel the same way too.

We may do the bump and grind

Shake around our little behinds
Do some things that you normally do
On a Saturday night - hey, hey, that's all right
We may drink a little too much.
May lose our fancy touch
And step outta line with reality
That's the way it to be.

And there's no need in asking - 'cause I know
You feel the same way too.

And there's no need in asking - 'cause I know
You feel the same way too.

One More...

And there's no need in asking - 'cause I know
You feel the same way too.

Hey, hey, hey, heyyyyy.
Hey, hey, hey, heyyyyy.
Hey, hey, heyyyyyyyyy.
