Verse

I used to be like you
Look how foolish I became
Tell me what to do
Tell me to make up my mind
What's it gonna be
You say I'm lacking guarantees

Chorus

I tried to live for free
(To live for free)
You left nothing here for me
(Nothing, now I)
I tried to get away somehow
I always fall back down
Ain't no better time then now

Verse

It's not okay I'm all alone (I'm all alone)
You're just a memory but still breathing through my
lungs
Ain't no way to defend your crime
When rumors start to rise

Go to Hollywood and everything will be alright

Chorus

I tried to live for free (To live for free) You left nothing here for me (Nothing, now I) I tried to get away somehow I always fall back down Aint no better time than now

Bridge

Aint no better time than now Aint no better time than now I've tried hard For it to be the same (the same) I've tried hard I tried to live for free

To live for free

Chorus
I tried to live for free
(Nothing, now I)
You left nothing here for me
Just get away somehow
I always fall back down
Go to Hollywood what better time than now
