#### Verse

Suffering, from each and every little thing  
Fed up with those stupid lies  
It's glowing in your peaceful eyes  
Memories, don't say you lack ability  
Think about the words they say  
Sleepless in your bed you pray

I can't take it any way  
Hope tomorrow holds a better day

#### Chorus

I'm feeling down tonight  
Blinded by the streetlights (by the streetlights)  
Knowing I won't make it you can take it  
I won't leave without a fight  
I'm coasting on potential (on potential)  
Knowing I won't make it you can take it  
(GO!)

#### Verse

Jealousy, time will tell and you will see  
Your head is turning inside-out  
Your life will crash without a doubt  
Sympathy, I help you out and set you free  
There's so much more to life than this  
I'll seal this song with my last kiss

I can't take it any way  
Hope tomorrow holds a better day

#### Chorus

I'm feeling down tonight  
Blinded by the streetlights (by the streetlights)  
Knowing I won't make it you can take it  
I won't leave without a fight  
I'm coasting on potential (on potential)  
Knowing I won't make it you can take it

#### Chorus

I'm feeling down tonight

Blinded by the streetlights (by the streetlights)  
Knowing I won't make it you can take it  
I won't leave without a fight  
I'm coasting on potential (on potential)  
Knowing I won't make it you can take it  
(GO!)
