Is this my imagination, are you the real thing
A sordid preoccupation or a decent human being, oh
Just when you think you have fallen
There's a road up ahead
(There's a road)

Have I found my vocation could you be heaven sent?
A solid foundation a sin I'm yet to repent, oh
Just when you think you've fallen
There's a shining light instead

Maybe you're right, I could be wrong
One and two hearts will break, two at a time will mend
Maybe it all comes around again

Maybe you're right, I could be wrong
(Yeah, yeah, yeah, maybe you're right, I could be wrong)

Maybe you're an ocean that reaches every shore
A teacher of devotion going from door to door
Just when you think you have fallen
There's a shining light instead

Maybe you're right, I could be wrong
(Maybe you're right)
One and two hearts will break, two at a time will mend
(What are you [Incomprehensible]?)
Maybe it all comes around again

Maybe you're right, I could be wrong
(Maybe you're right)
One or two hearts will break, two at a time will mend
(Why can't you see?)
Maybe it all comes around again
(Maybe you're right, I could be wrong)

Are you an infatuation that comes from far beyond
The distant relation, the feelings left undone
Just when you think you've fallen
There's a shining light instead

Maybe you're right, I could be wrong
(Maybe you're right)
One or two hearts will break, two at a time will mend
(What are you [Incomprehensible]?)
Maybe it all comes around again

One or two hearts will break, two at a time will mend
Maybe it all comes around again

Just maybe, ooh, yeah, yeah, yeah, yeah, yeah
Baby you're right, I could be wrong
Baby you're right ooh, yeah yeah

Baby you're right, I could be wrong
Baby you're right, I could be wrong
