Girl, I had got to thinking
you're my only tragedy.
I'm haunted by your face.
Girl, I won't leave you lonely
my heart beats for you only
at night I call your name.
All of my life
I've been searching for the words that make me fit in
right
with someone like you.

Boy, I reached out to no one
but inside I knew that someone
would see just who I am.
All of my life
I've been searching for the words that me fit in right
with someone like you.

I'm not what I seem
whatever that may be.
I'll leave you waiting

Girl, I don't want to bother
but my heart is sinking farther
down to where you are.

Boy, I just think you're crazy
what would you do if maybe
you had a girl like me

All of my life
I've been searching for the words that make me fit in
right
with someone like you.
All of my dreams are tearing at the seams.
I want to but I fight it all with someone like you
