I will never do the same,
I'll try to stick around
To ease your troubled mind,
Watch out for you in this town.

Take some time to cool down,
Some time to cool off.

Did you go down,
Did you go out of your way?
I don't like this town,
I'm going away,
Yeah that's right.
Too much for me, not for you,
Please don't die here,
Now heaven awaits,
A better place if you ask me.

I remember when we swore
We'd never separate,
It was never a surprise:
It was all ready made.

Did you go down,
Did you go out of your way?
I don't like this town,
I'm going away,
Yeah that's right.
Too much for me, not for you,
Please don't die here,
Now heaven awaits,
A better place if you ask me.
