deadbeat wife
beat wife dead

my wife just left me for our shrink
she took it all and the kitchen sink
nag, nag, nag, bitch, bitch, bitch
gonna put that cunt in a shallow ditch
she never touched a dish she never mopped the floor
how long was i with that whore

deadbeat wife
beat wife dead

both her kids are dumb as shit
that expensive schoolin' didn't help one bit
her daughter is a spoiled brat
gonna crush her head with aa baseball bat
her queer ass son loves to whine
gonna shove that bat where the sun don't shine

deadbeat wife
beat wife dead

her new boyfriend just moved in
now i'm supportin' both of them
that fucking whore's gonna bleed me dry
she won't finish 'till i die
death for her is right around the bend
and that'll be the end
