As I was lyin in a hospital bed  
A rock n roll nurse went into my head  
She says, hold ya arm, stick out ya tounge  
I gots some pills I'm gonna give you somes

She went into my head, into my head  
A rock n roll nurse, went into my head  
Into my head, into my head  
While I was lyin in a hodpital bed

A little pill for my legs, but that didn't ache  
I tried some pills for my heart, but a little to late  
Gots some pills for my love, to put me at ease  
Ats when a rock n roll nurse shook me down to my  
knees

She went into my head, shoved into my head  
A rock n roll nurse went into my head  
Into my head, into my head  
As I was lyin in a hospital bed

(I got the rock n roll nusre...)

Nursey nursey, I don't see

Well I don't understand what your doin to me  
Said ya give me th pills, then ya give me the shot  
Got me wonderin what is worse I got

She went into my head, shoved into my head  
A rock n roll nurse went into my head  
Into my head, into my head  
As I was lyin in a hospital bed

(I got the rock n roll nurse  
She's a makin it worse  
Keep shootin it right  
To my head...)

Doctor doctor! run here and see  
I don't think th job the nurse is givin me

Gives me the shots, gives me th pills  
Got me takin this junk, against my wills

She went into my head, shoved into my head  
A rock n roll nurse went into my head  
Into my head, into my head  
As I was lyin in a hospital bed
