Trash, wont pick it up
Take them lights away
Trash, wont pick it up
Dont take your life away
Trash, dont try to take my life away

And please dontcha ask me if I love you
If you dont know what I'm doin (whatcha know is)

those are all the lines, some repeated more,
sometimes different wording

Cus I dont know if I do
Cus the way that I feel with you
And take a lovers leap with you
And go to fairyland with you
Go to heaven blue with you
I just dont know if I do
I just dont know if I do
break
Uh, how do call your lover boy
