I'm walking on the street
God in my pocket
I'm walking in the big town
and i'm not be cold anymore
Earth is my friend
And often i sleep on it
And I fret of my country
who was so small

Goodbye my country
Goobye my family
goodbye my Island HaÃti, goodbye my little earth

I remember my country
Down Memory Lane
The wind is my best friend
It alays blows for me
Neons in the distance
Dear as daylight
Sometimes I think that I'm not of this world
I remember this song

O farewell my country
My caribbean island in the sun
O farewell HaÃti
The sun I just cant'see

goodbye my little country
goodbye my family
goodbye my island haÃti, goodbye my little earth

I remember streets
and nights in Port-au-Prince
and I'm still a foreigner
to the internation station
Wind swept away us

as far as it could

I know this air

I say farewell my country

My caribbean island in the sun

O farewell Haïti
