Too much of love
I've never known
Nothing seems ... to run away from your home
My legs are tired and my mind is growing old,
when I was alone
...of love
Maybe my next ... will carry me away
...I don't know where I found hummingbirds that grow
a new kind of love

Blue turns red,
while my green turns brown, I walk away from my past
I did not know, the ... of tomorrow would stand in my
way

When everything's changed and its all upside down
If this is your world, I can't see my smile
She fixes my hair, while she calls me her man
From the bottom and away, away from the dead

I'm saving up
on magic stones
... what I've been given for too long
When blue turns black and ... no longer turns you on
I know that she knows
She's my little ...
She ... me up when ...
My witchy woman cooking brew to bring me home
and I was so long, long gone

Blue turns red,
while my green turns brown, I walk away from my past
I did not know, the ... of tomorrow would stand in my
way

When everything's changed and its all upside down
If this is your world, I can't see why you smile
She fixes my hair, while she calls me her man
From the bottom and away, away from the dead

When everything's changed and its all upside down

If this is your world, I can't see why you smile
She fixes my hair, while she calls me her man
From the bottom and away, away from the dead
