Turn the page,
and tear the new off

Please, let me tell you
there are two ways to go
The first is the wrong one
and the last path you'll see
Makes you fall deeper
in hell you'll soon be
Forbidden fruits gonna taste better

Right is wrong,
whatever you choose, one side of you'll lose
Your ancient soul
walking down a ... path
because you choose right

Choose the right way,
if salvation you seek
And if you would die,
the good lord you'll meet
And come to heaven and then you'll
be surrounded by love
You know it seems like the right road,
well, I don't agree

I don't ... when you are blessed
Thinking holy, when you are possessed
I need your ... when you're in charge
Condemn the ... when your soul is cursed

Right is wrong,
whatever you choose, one side of you'll lose
Your ancient soul
walking down a ... path
because you choose right

Whichever you choose,
my friend, one thing you'll learn
That life is for love
... left us

When you decide you only make things worse,
discover the pattern that's written in ...
Follow your heart, and continue your soul

I don't ... when you are blessed
Thinking holy, when you are possessed
I need your ... when you're in charge
Condemn the ... when your soul is cursed

I don't ... when you are blessed
Thinking holy, when you are possessed
I need your ... when you're in charge
Condemn the ... when your soul is cursed
