Standing at the base of the pyramid,
but it's never gonna meet the eye.
You're not supposed to know that it exists,
when nothings there there's nothing to deny.

If you leave your place in the foundation,
you'll see the castle's made of sand.
Watch it fall into the sea and wither away,
a new dawn's here; are you feeling ok?

The suits the law, and the uniforms,
bringing greed, borders, and patrols.

Time is what you've got, so do you know who's getting
yours?
When they say it's cheap they're just hiding costs,
here come the swine dressed in diamonds and pearls.

The suits the law, and the uniforms,
bringing greed, borders, and patrols.
You know that life was meant for so much more than
this,
more than wages, profit, and control.

Oh, I don't want your job,
No I won't live a lie,
No I won't live a lie.
I won't kneel for you
No I ain't gonna bow,
No I ain't gonna bow.

I see ourselves and I don't understand,
what it is that makes a man.
When I hear them say that they love to own,
I hear a sister with broken bones.

If we can make it through their new deal,
the world will come a-crumbling down.

It's the suits the law, and the uniforms,
bringing greed, borders, and patrols.

You know that life was meant for so much more than
this,
more than wages, profit, and control.

Oh, I don't want your job,
No I won't live a lie,
No I won't live a lie.
I won't kneel for you
No I ain't gonna bow,
No I ain't gonna bow.

The suits the law, and the uniforms,
bringing greed, borders, and patrols.
You know that life was meant for so much more than
this,
more than wages, profit, and control.

The suits the law, and the uniforms,
bringing greed, borders, and patrols.
You know that life was meant for so much more than
this,
more than wages, profit, and control.

No I won't live your lie,
No I won't, I ain't gonna bow.
