I wasn't there when you needed me
You never let me in your life
I didn't say what bothered me
It shows there's more than that (?)
The silence that followed didn't do us any good
And it seems like you settled for me
Cause I was the best that you could get (?)
But there wasn't enough
I know what you want and you're not the one for me

Chorus
I've been leaving you since the day we met
And it feels like you have too
I remember when I met you
The day I saw your cry (?)
And now it's time to let go, oh, it's time to feel alive
The bottom sides I had with you
Are the ones you had with me
Even though we were holding love
We both know we drifted apart
I guess this is it - why bother? - and there's nothing left
(?)
When neither you (n)or me are here
Growing bitter and uncomfortably numb
Losing what we had
At least we tried but it wasn't meant to be

Chorus
I've been leaving you since the day we've met
And it feels like you have too
The reasons that I loved you
Oh, the ones that made me go
The reasons that I loved you
Oh, I've got to let you low/alone (?)
I should have seen it coming, should have known what
to expect
I should have seen the sign, should have known that it
was wrong
I've been leaving you since the day that we have met
And it feels like you have too
The reasons that I loved you
Oh, the ones that made me go
The reasons that I loved you

Oh, I got to let you low/alone?
I am sorry that we got here
But I'm glad, glad that we are done
I don't wanna go back there
Cause alone I fell in scald/scold (?)
Cause our love fell in scald/scold (?)
