Can you see me smiling, standing across the room?
How do you notice that I hang on your every move?
Are you moving closer, or am I imagining.
Did you just move towards me, or am I in a dream.
Surely there must be some way for you to let me know.
How you make me nervous this power you have over me.
What the hell is happening, can you just give me a sign.
I can feel you breathing; your face is so close to mine.
A glance in my direction, I think I just caught your eye.
I open my mouth to speak, but the words just don't come out.
I'm trying to cope with the things that I see, wondering why all the pressure's on me.
Trying to talk but I can't find a way, thinking about all the things that you say.
It's drivin' me crazy to see you with her, telling myself that it's now or never.
Take a deep breath and it's finally my time, closing my eyes and I'm feeling almost alive.

I'm trying to cope with the things that I see, wondering why all the pressure's on me.
Trying to talk but I can't find a way, thinking about all the things that you say.
It's drivin' me crazy to see you with her, telling myself that it's now or never.
Take a deep breath and it's finally my time, closing my eyes and I'm feeling almost alive.
Oh I'm feeling almost alive.

I'm trying to cope with the things that I see, wondering why all the pressure's on me.
Trying to talk but I can't find a way, thinking about all the things that you say.
It's drivin' me crazy to see you with her, telling myself that it's now or never.
Take a deep breath and it's finally my time, closing my eyes and I'm feeling almost alive.

I'm trying to cope with the things that I see, wondering why all the pressure's on me.

Trying to talk but I can't find a way, thinking about all
the things that you say.
It's drivin' me crazy to see you with her, telling myself
that it's now or never.
Take a deep breath and it's finally my time, closing my
eyes and I'm feeling almost alive.

Oh I'm feeling almost alive.

Alive.

Oh I'm feeling almost alive.

Take a deep breath and it's finally my time, open my
mouth but the words don't come out...
