Raphael Saadiq - Radio lyrics

I met this girl named radio  
Said her signal was low  
She wasn't getting my sound  
She kept the volume down  
I told her to turn up the base base  
And then she kissed me in my face face face

I told her I had a girl  
That meant the world to me  
She just looked me up and down  
Was her name R&B?  
Started pulling off her dress  
Started licking on my chest chest chest

I tried to move away (tried to move away)  
She found me the next day (tried to move away)  
I tried to move away (I tried to move away)  
She found me the very next day  
I tried to move away (I tried to move away)  
She found me the next day ay ay

See that girl is so bad (so bad)  
She's stone rolling and making cash (She's rolling,  
smoking, and making cash)  
See that girl is so bad (girl so bad)  
She's stone rolling and making cash (She's rolling,  
smoking, and making cash)  
See that girl is so bad (nah)  
She's stone rolling and making cash eh eh

She knows I like it like that (like it like that)  
She knows exactly where its at (knows exactly where its  
at)  
She knows I like it like that  
That girl is blowing my mind (blowing my mind)  
She knows I like it like that yeah

She knows exactly where is its at

Oh oh oh You got me doing  
Something I didn't want to do

I'm stone rolling baby  
Throwing the dice on the table with you  
I didn't want to go there  
Call me in a month or 2

I know you really want a baby  
I think I want one 2  
But I am just not sure  
If I want it with you  
You see everytime we touch  
I take a chances of a fool

I'm stone rolling darling (I'm stone rolling darling)  
I'm stone rolling darling  
I'm stone rolling darling  
I'm stone rolling darling  
I'm stone rolling darling  
I know I'm taking chances of a fool

Ad lib  
I'm stone rolling baby  
I'm stone rolling baby  
I'm stone rolling baby  
I'm stone rolling baby  
I'm stone rolling baby  
I'm taking chances of a fool
