You see, baby  
I ain't going nowhere . . . no  
I'm just gon' wait on you  
Girl, I swear

I'm here when you need me, you should know  
I can always listen, so  
'Cause, girl you're my baby (baby)  
This thing that you're going through  
Just do what you got to do  
And love will show you the rest, girl

How much time do you need  
To solve all your deeds?  
'Cause I could go for a ride!  
Now, tell me one thing, please  
Nobody will shuffle me  
'Cause we might just have a chance, girl

(Chorus)  
I will wait on you, my dear  
Even if it takes 1,000 years  
I believe that love will see us through  
But, for right now here's what we gon' do

My friends say I'm slippin' over you  
I wonder how they knew  
But, I guess I'm home every night  
I still have visions of you  
No other girl will do  
Shit, I just got to kiss you

And, I know this can't be the end  
We got to be free from sin  
At least we can try  
But, here's what we gonna do  
'Cause I understand you  
Let's make out just one more time

(Chorus)  
I will wait on you, my dear  
Even if it takes 1,000 years

I believe that love will see us through  
But, for right now here's what we gon' do  
Forever will I wait on you  
And, I hope that you feel like I do  
It's so hard for me to wear my watch  
Because all I hear is tick and tock

You see, sometimes, lady  
When I'm alone by myself (yeah)  
All I can do is think about the times we use to share  
Think about the good times, baby  
Yeah, Yeah, Yeah

And, you know another thing baby  
It ain't the same no more when I go out at night  
I get a bunch of numbers, baby  
And, they all just stay in my pockets for days  
I don't wanna call nobody else  
I don't wanna see nobody else  
I don't wanna work nobody else  
But, I guess I'll - I guess I'll just wait

(Chorus)

I will wait on you, my dear  
Even if it takes 1,000 years  
I believe that love will see us through  
But, for right now here's what we gon' do  
Forever will I wait on you  
And, I hope that you feel like I do  
It's so hard for me to wear my watch  
Because all I hear is tick and tock (tick, tick, tick, tick,  
tick tock)

Oh yeah, baby!  
Come on back home, baby  
Lord, have mercy  
Please! Please! Please!
