Fajet kush I ka tregom une a po ty  
Zgjodhe rrugen qe sishte per ty  
Fundi keshtu mbaron per vajzat si ti  
Kshtu jan punet kur sheh larg me sy

Ref: gabimi behet njeher por ti gabon sdi sa her  
mistakes are made only once, but you mistake i dont know how many times  
? ... run out and chances get smaller (rrenat?)  
Believe it youve shown the end?

(i dont know how to translate this but when someone says "ja nxore fundin" it means youve done something so many times youre showing the end of it. it would make more sense if it was refering to an object cause by "end of it" i dont mean they'll stop doing it/using it

edit: k i just thought of it ..it means you wore it out lol)

Nuk e di pse e ul koken e po me thu se di  
Ndoshta nuk tam ban ndergjegja me me pa ne sy  
Sdi sa her me premtove por vetem me fjal  
tash tregom a meriton me ta fal
