New trump

I'ma kick a hole lot of doze wide open for my kin-folk  
Just because we back a lot of people, think we're nin-  
four

Maniac, rat attack, take a fat sac and that dope that  
you're

Snatch from the Rappin' 4-tay track

And lace it, chasing like it was the Master Glip

I had to switch upon all this gang

'Cause suckers think that the battle

Was an on still from the free-style fill

Where I'm coming from, because the player life is so  
real

Killers on the straw, from Frisco to the O'

Back to Sacramento from Lay-hoe and San-hoe

Say, litts, have a party and parlay

Now, we can do it you're way, let's do it my way

A place of O.G marve, and gay of in the background

Sipping on corniac, illiac, it's goin' down, flip more  
papper

That the envy even touch from the Hammer to Diaffers

That you franked, that you chuked fucked up

New trump, brand new funk

Keep the pocket full of California skunk

That ninety five shit gon' always bump

For ninety six we're gon' flip the script

And break 'em of some new trump

New trump, brand new funk

Keep the pocket full of California skunk

The moe' screw track gon' always bump

For ninety six we're gon' flip the script

And break 'em of some new trump

Trubows, go, Fila head to toe

Bossoliny brim men come that player little fly hoe

Ooh, you did know I own the record label

Every time I go to Vegas you can catch me at the crab  
table

Where I be breaking em', shaking em', taking em', face  
em' taolin  
Talking loud, drinking wild, Cali' style profiling  
Me come on handling all situations  
Taking edvanitch of my bidness' from my daughters  
education

Kick back relax, counting ten thousands dollar stacks  
Check my mail box, flip the script, here goes the most  
scratch  
Now, peep my ladle momma, try to get her skies on  
Bitch you're broke as hell, so you know you best to  
speed on

'Cause you get nuthin' less you push em' on the table  
first  
Drop your juicy thief or pay on fliesin' for the nine six  
Giving it true, coming new, the niggers black folks  
Young players throw your hands in the air, if you can  
feel this grove

New trump, brand new funk  
Keep the pocket full of California skunk  
That ninety five shit gon' always bump  
For ninety six we're gon' flip the script  
And break 'em of some new trump

New Trump, brand new funk  
Keep the pocket full of California skunk  
The moe' screw track gon' always bump  
For ninety six we're gon' flip the script  
And break 'em of some new trump

What you thought, I couldn't come again  
With the many raw prospection  
From the badder New Yorke  
To my folks out in Texas

I'm countly talking about bread, they say  
Money ain't everything, and the hustlers supposed to  
be get  
Ima flip, and trip, ill up in some prophet  
Every player nation wide try to keep a fat pocket

On the first of fifteen, everybody try to come up  
The fed and snitch and sucker dead for try to run up  
A cumulate papers kinda lock the disses  
Especially for a player to use, to flip and gees, and

keys

Sucker please, different chock for different folks  
See, Im just one of them players who can't stand being  
broke  
Gots to come back quick like Mario and Dreddy  
Tripling up the paper chase, try to keep it Feddy

Five hundred thousand gold  
One million platinum  
Keep your plats and be check  
And best believe Ima keep raping

New trump, brand new funk  
Keep the pocket full of California skunk  
That ninety five shit gon' always bump  
For ninety six we're gon' flip the script  
And break 'em of some new trump
