Come and sex me(right now),  
Come and sex me(right now,right now,right now,right now)  
now)

### Chorus 2 (2x)

It's the body language,  
We ain't talkin,  
Let the bodies handle it,  
It's the body language,  
We ain't talkin,  
Let the bodies handle it,  
Sex me,sex me,sex me

### Verse 1

It's the body language,  
We ain't talkin,  
Let the bodies handle it,  
See 'em fat and skinny girls,  
Tellin me a million brilliant stories,  
Dancin in mini skirts,  
Baby girl,shit,looks alright,  
Well,take your waist,  
Like a disco ball light,  
Stay on your tip-toes all night,  
And sex me,sex me,sex me,sex me,  
Drop down,  
Turn around and show your lower back,  
Stop now,work it out,  
Naw,lower that,  
The way you shake is conversatin',  
ask chicks mean weapons,  
surely come from skatin,  
The closer you get,  
The hotter the conversation,  
Frame-terminology,  
Solid statment,  
Sh...,  
Sip your lips,  
Chicks,  
So as you go,

Use your tongue to lick your lips,  
chicks

Chorus 1 (2x)

Chorus 2 (2x)

Verse 2

Come and sex me,  
Shit,  
Sound incredible,  
We bounce and let it go,  
Queen crown at ceremon',  
No chit chattin,  
No quick question,  
No more talk,  
Naw, I ain't havin that,  
I ain't tryin to listen to average teen,  
Like average cats,  
I'm not into speakin at all,  
You wanna parlee,  
I'm leavin them gone,  
No disrespect girl,  
But rap is ownin,  
And you don't wanna fuck up this magic moment

Chorus 1 (2x)
