Monstablokaz

Yes

Chorus (2x)

My people I see you,
Hands up like we do,
Rock on, drop bombs

Verse 1

(Raptile)

This is
Fire fire fire fire,
I ain't losin my calm,
I'm used to the drama,
I'm a god damn top ten artist,
suicide bomber,
You don't want no drama baby,
Let me Jay-Z the track,
Dumb down and double the euros,
Who wants trouble with Europe's Golden Child,
Fucker is going down,
You slept on me too,
I guess you woke up now,
Baby, face it, Monstablokaz,
Got this crazy nation,
high like aviation,
But when I speak I'm honest,
Keep my promise,
Take the lead and put my people on it

Chorus (2x)

Verse 2

(Da Lioness)

Put em um put em up,
Put ya hands in so my eyes can see,
so I can feel you're love,
all you Raptilish peps,
Everybody see how we monsta-trackin,
Front to back,
It's constant clappin,

Yea,
It's how we rippin the tough crowd,
We gettin enough power,
To flippin the fuck out(Oh shit),
It's the Monstatee(No shit),
Rap,Cron and Monsta Queen,
Style is grimy,
But I make it sweet,
Step out the sleeze,
If you can't take the heat,
If I'm big bone,
The one with skinny foes,
You'd still like to fuck me,
Like I was Jenny Lo.

Chorus

Verse 3
(Cronite)
Holy Christ,
The boy's past nice,
it's only right,
Cronite gets a slice,
I'm hot like I just stepped outta sauna,
my hunger's untameable like Willie Prada,
There's nada,
You can tell me about the struggle,
And once I bubble,
the whole world's in trouble,
Salute the vet,
Europe's best kept,
the Depth-Injector's back to ressurect rap,
Fuck the wack,
Who got fat offa trash,
You want respect?,
Kiss my Croation ass!,
It's the wrath of an outkast
so fresh so clean,
Sick, sicker, sickest kept in quarrantine

Chorus

It's So easy,
Monstablokaz,
It's crazy,
Cronite,
Lioness,
Polique,
Rapzilla, killa killa killa
