[Verse 1: Lil Wayne]

Mad trees and bitches in dungarees

The city under seas, kitchen 100 degrees

I love that summer breeze, I'll stand in it until it freeze

I'm from another breed, them sss, southern g's

I sip phemetrazine, I lean, I stand tall

I'm mean, I'm mad raw, I'm coming like fastball

Stee-ri-ke, Yup, so get it right

Nigga, one of my sniplets'll end your whole life

You ain't nothing but a riblet to a nigga with a knife

In a fork, I'm a pig myself, I eat schwork

So be smart and play your own part

If you don't love yourself, I'll make you see your own
heart

And we don't like the narcs, stay away from the cell

Hey, I'ma shoot it out if I'm facing the ail

Yea, so tell your girl to come and make me rich

Weezy Baby nigga, 9 to 5, 10 to 6

[Chorus: Juelz Santana]

All night, I can't sleep, I toss and turn

Got my hand on my pistol, when will these
motherfuckers learn?

(Watch it) I ain't going out without a fight

I'm with whatever and I ain't going out without a fight

I'm with whatever and I ain't going out without a fight
I'm with whatever, It'd be your life before my life
At night, I can't sleep, I toss and turn
Got my hand on my pistol, when will these
motherfuckers learn?

[Verse 2: Juelz Santana]

It's showdown time, throwdown time
Saffty off, four pound time
Clack Clack, go get yours, I'll go get mine
Check it man, I'm wit whatever
Goodness gracious the paper
Where the cash at? Where the stash at?
I'll blow that ass back for fronting on a nigga like me
You got nothing on a nigga like me, you'll see
I'm on the grind from sun up to sun down
If I'm lying, may lightning come down and strike me
right now
I'll turn a dollar to a twenty to a fifty to a hundred
Keep it coming til I'm full on my stomach
I'm stuck in my ways, I'm stuck puffing my hase
Hand on my pistol, front of it sprays
I'm stuck living the life of a ghetto nigga
Trying to get rid of the life, alright?

[Chorus]
