Verse 1:

I believe I'm a new Creation
I've been planned out since before Creation,
Before the first star in the sky,
I was a star in his eye,
Even though it took a lullaby to echo through my veins,
I can't contain the thought,
You took away my shame,
And fought ball and chain,
With the wind and rain,
So that I can stand up and proclaim your name,
And let the world know that with every lyric and flow,
That I'm 100% sold out for yo,
And I ain't looking back at the things that I've done,
Lay them at the feet of your son,
And into your arms I will run,
And I'll never leave you,
And I'll never forsake you,
Eternally grateful with every breath I celebrate you,
You are the reason lord so you become my king,
With everything my soul will sing,

CHORUS:

I Believe....I Believe...I Believe....I Believe...I Believe
I Believe....I Believe...I Believe....I Believe...I Believe
I Believe....I Believe...I Believe....I Believe...I Believe
I Believe....I Believe...I Believe....I Believe...I Believe

Verse 2:

I believe nothing can separate us from his love,
Nothing I can ever do nothing I've ever done,
There's nothing too impossible for him to overcome,
He's God Almighty Man,
There's nothing new under the sun,
He is the only way,
He is the only life,
The only life worth living in his eternal light,
He is my motivation,
My only inspiration,
Granting salvation to people from every nation,
My Gods the only God,
Where's the rest at?

If Y'all don't believe then I gotta respect that,
But I gotta let my light shine,
Light up the darkness,
And now I'm ready...ready...ready spark this,
Yo!
And I ain't nobody special just your average Joe,
Tryin' to flow,
Tryin' to let the world know that..
I believe that Jesus came to set the world free,
And even if I don't believe in God,
God believes in me,

CHORUS:

I Believe....I Believe...I Believe....I Believe...I Believe
I Believe....I Believe...I Believe....I Believe...I Believe
I Believe....I Believe...I Believe....I Believe...I Believe
I Believe....I Believe...I Believe....I Believe...I Believe

Verse 3:

I believe that you gotta believe in yourself,
And I ain't talking bout only riches and wealth,
I'm talking bout God of the Heavens,
God of the stars,
Same God understands and he knows who you are,
He put you on this Earth with a purpose and a plan,
Same God once walked this Earth as a man,
He understands what your going through,
He understands pain,
He's had nails through his hands and people spitting
on his name,
He conquered death and he holds the key,
So salvation's given free to all those who believe,
And I can feel this thing building in my spirit and my
soul,
I can feel this thing building like it's ready to blow!
And I can't hold this no more,
This is the reason I was born
To live what I believe or I ain't believing at all,
If you don't believe me at all,
But I believe that it's true,
If my God believes in me,
Then my God believes in you!

CHORUS
