Be gone, Prince of Darkness  
Be gone, Prince of Darkness  
You have no power  
You have no power  
Be gone  
Be gone

I woke from a dream to a rumble of thunder  
Not heard but perceived from within  
A feeling inside that just can't be denied  
Says the countdown is soon to begin

But in the darkest hour the human spirit  
Sings ancient songs to me  
The tyrants will gather to worship their master  
But he will be brought to his knees

Chorus:  
Be gone, Prince of Darkness  
You have no power here  
Be gone, Prince of Darkness  
You have no power here  
You have no power, you have no power here  
You have no power, you have no power here  
Be gone

We speak with the voice of ten million souls crying  
This war that you make is not ours  
You sit at the left hand of those who are lying  
Seducing with hypnotic powers  
But now your stone cold heart has started rumbling  
A song has risen free  
And we shall not stop with the laughter and singing  
'Til you have been swept to the sea

Chorus

We run with the spirit that moves through the city  
The heart of the jungle is whole  
The seekers of truth with the hot blood of youth  
Together we're never alone

When every heart has finally found the courage  
To love with all its might  
The chains will be broken, the doors will burst open  
And we shall know the power of the night

Chorus
