"Forever"

I've never had this feelin'
Like someone really loves me
But Jesus truly loves me
It's got my mind reeling
I found the information
In lyrics David penned
His savior and his friend
His love's without condition

(Chorus)
I know it sounds improbable
But with God nothing is impossible
God's love goes on forever, forever
Forever

Love has always left me
As quickly as it came
But this is not the same
God never will forsake me
Me, I'm so unfaithful
God I don't deserve it
I know you don't deserve it
Receive it and be grateful

(chorus)

It's difficult to think of
Something with no ending
Not only everlasting
But God has no beginning
Beyond my comprehension
Too wonderful to feel it
To wise men He's concealed it
And to a child revealed it

(chorus)
