Ska x4

Paul was walkin on the road to Damascus
Big bright light and the Lord came and asked him
Darkness to light, come follow Me
And after he was blinded he could finally see
I once was lost till the Lord came in
He captured my heart and he took away my sin
Now I'm livin for Jesus cause of all that He's done
God gave mercy through His only Son!!

Giddup Giddup Giddup x4

Paul was walkin on the road to Damascus
Big bright light and the Lord came and asked him
Darkness to light, come follow Me
And after he was blinded he could finally see
I once was lost till the Lord came in
Captured my heart and He took away my sin
Now I'm livin for Jesus cause all He's done
God gave mercy through His only Son!

And then He found me x4

I'm gonna do 3 things:
Preach the gospel
Reach your heart
And Ska Ska Ska Ska

And then He found me x4
