Have you ever seen a boy with funny clothes?
A girl with braces on her teeth
or freckles on her nose?
Some kids call them odd balls,
some kids call them wierd
Is it my imagination or does your mother have a beard?

God makes lots of people
in all colors, shapes and sizes
He loves them very much and what we need to realize
is:
That calling people names because they're different is
wrong
Instead we need to look on them in love and sing this
song

That's Right!

[chorus]
I can be your friend
I can be your friend
Any day any weather
We can be friends and play together

Were all pretty different
Some are skinny some are stout
But the inside is the part were supposed to care about
Haha, thats why we have feelings that are very much
the same
So instead of wierdo i think friends a better name

Yeah!

[chours]
I can be your friend
I can be your friend
Any day any weather
We can be friends and play together
I can be your friend
I can be your friend
If your hair is red or yellow

We can have lunch
Or share my jello

I can be your friend
I can be your friend
Any day any weather
We can be friends and play together
I can be your friend
I can be your friend
It's OK if we are different
We can still play
'Cause I can be your friend
