[Rob Quest]

Alright now, when you fuckin with them hoes you know
with 4, 5 kids
And when you come you gots to bring candy and chips
and shit
Got a rubber in your pocket thinkin you'se the pussy-
getter
But when you come inside you end up the baby-sitter
Tellin the kids to put some shoes on they goddamn
feet
Hey y'all, straighten up and be neat, why don't you take
your ass to sleep
You got the job, you're knowin Bob, you're knowin 50s,
60s, 70s
75 and 80s, bitch, there's somethin with these babies
Here's a dollar, beat it, here now take your ass and
scram
You're worse than flies at a picnic - goddamn
You little snotty nose brat, y'all's about to get slapped
Hey, stop pullin on my earring - hey, get the feet off my
lap
Where yo daddy at? See, I'm only here for the evening
To get that pussy good she fix a sandwich then I'm
leavin
Really though, I'll probably leave with a hard-ass dick
But that's the shit you gotta put up with
Yo, when you're

Let's go where? (To McDonald's, hell it's right up the
street
We gotta go and get my kids a little somethin to eat)
Now I'm thinkin to myself like, what's the goddamn
deal
I'm orderin two Big Macs and four Happy Meals
And I spent all of my snaps, now what's the haps on the
naps?
Let's put the kids in the sack and let me hit it from the
back
Now I'm tryin to bone mommy on the bathroom floor
But little man steady knockin at the door
Her little girl started cryin, now it's gettin shitty
To keep her ass from cryin pick out the sag titty
Fuck it, where my drawers and my shoes, show me to
the do'
Hey, I'm Audi, hoe - yeah, that's how it go
