I'll be the one
Spin me around
Lifting you up
And holding me down

Inside the storm is raging
It blows up in your eyes
Inside the heart is breaking
River is running dry

I could run, I could hide
When I'm crashing down is the one who saves me
All in a twaddle
Grab around me now with the phone

And we're holding on
And there's nothing else to hold on to
So don't tell me when it's gone
Cuz all I have left is you

All of love, out of time
When I'm falling down, you are the one who saves me
All in a twaddle
Grab around me now with the phone

And we're holding on
And there's nothing else to hold on to
So don't tell me when it's gone
Cuz all I have left is you

Oh-Oh
When there's nothing else to hold on to
So don't tell me when it's gone
Cuz all I have left is you

I'll be the one
Lifting you up again
Inside the storm is raging
Hold me down, hold me down

Oh yeah

Lie that you are waiting (2x)
Lie that you are waiting for

And we're holding on
And there's nothing else to hold on to
So don't tell me when it's gone
Cuz all I have left is you

Oh-Oh
When there's nothing else to hold on to
So don't tell me when it's gone
Cuz all I have left is you

Oh-Oh
All I have left
All I have left is you
