I am the one; camouflage and guns.
Risk my life; to keep my people from harm.

Authority, vested in me
I Sacrifice, with my brothers in arms.

Through this doorway, whats on the other side?
Never Knowing; Exactly what I'll find.
Locked and loaded; voice's screaming 'Let's Go!'
Come on do it! Here We Go

Take a life, That others may live.
Oh thats the way it goes.
Shut my eyes. It hammers in my head.
Where it will end nobody knows.

Take a life. That ten others may life.
Oh that's just the way it goes
It's playing over and over in my head
Where it will end nobody knows

Stay the course; Reasonable force
I believe I serve a greater good

Smoke and dust, Enemies are crushed.
Nothing left where a man once stood.

Through this doorway, whats on the other side?
Never Knowing; Exactly what I'll find.
Locked and loaded; voice's screaming 'Let's Go!'
But I'm just doing what i'm told.

Take a life, That others may live.
Oh thats the way it goes.
Shut my eyes. It hammers in my head.
Where it will end nobody knows.

Take a life. That ten others may life.
Oh that's just the way it goes
It's playing over and over in my head
Where it begins and where it'll end, Nobody Knows

Bang Bang it hammers in my head
Bang Bang it hammers in my head
Bang Bang it hammers in my head, in my head, in my
head.

Yea, though I walk through the valley of the shadow of
death;
I will fear no evil for thou art with me

Locked and loaded
Gonna find my truth
Now i'm busting through
all hell breaks loose.

And you can all hide behing your desks now.
And you can cry, "Teacher come help my now!"
Through you all, my aim is true.
