been reaching for a reason for the
oh, oh, oh
been waiting for the season when the healing's done
oh, oh, oh
well, line up in black in white
this on both side
broken into hurting as one
hurting as one, oh
hurting as one, oh

see the the tragedy
hear the voices, all the chatting all those crimes
well, our past life stressing like

we're all just try to fight
broken into hurting as one
hurting as one, oh
hurting as one, oh
hurting as
uh, uh, uh, uh

line up in black in white
this on both side
our past life stressing like
we're all just try to fight
broken into hurting as one
hurting as one, oh
hurting as one, oh
we could be one
we could be one
