Hey!
Hey!
I'm driving down a dusty road
No place that I can call my own
Hey!
I've got nowhere to go
On and on this road is burning
Break away!
I'm leaving all this crap behind
The past is gone the future's blind
Break away!
Break away!
On and on I'll take the long way home
Don't care how long it takes this time
The long way home
If it's for me it's on the way home
The long way home

Hey!
Like fragments of a broken mind
Hey!
I splinter by my own design
On and on this road keeps burning
Hey!
The search is not a waste of time
Break Away!
My hands are glued upon the wheel
Break Away!
The road ahead is all I feel
The only thing left that's real
Break Away!
On and on I'll take this long way home
The long way home
The long way home

I will go alone
I will go and find it on my own
What lays ahead you cannot find for me

On and on I'll take the long way home
The long way home

If it's for me it's on the way home
The long way home
I'll take the long way home
The long way home
I will go and find it on my own I will go alone
