On a mission started by my own admission,  
I will leave you all behind.  
By direction I'll create my own protection,  
the real me you'll never find.

Aspirations turn to fear and desperation,  
Nothing's ever good enough for you,  
Burn in sorrow 'cause I see there's no tomorrow,  
You'll only seeing what I want you to

Never gonna find me,  
Never gonna find me,  
Well, way down deep inside there is the real me,  
I'm always gonna hide and this is who you'll see.  
Never gonna find me,  
Never gonna find me,  
Well, way down deep inside they haven't found me yet,  
I'm always gonna hide and this is who you'll get.

Whaohohohohohohohoh

On a mission to establish my attrition  
you may think that you have won.  
Your rejection has bought on my introspection,  
I'll escape I'll only run.

Accusations may destroy my motivation  
I can feel it when you're pushing me.  
Burn in sorrow 'cause I see there's no tomorrow,  
Only I know which me you'll see.

Never gonna find me,  
Never gonna find me,  
Well, way down deep inside there is the real me,  
I'm always gonna hide and this is who you'll see.  
Never gonna find me,  
Never gonna find me,  
Well, way down deep inside they haven't found me yet,  
I'm always gonna hide and this is who you'll get.

Break away.  
Run.  
Down inside.  
I've got to push it away.  
Down.  
I did not choose this.  
God Dammit!

I don't really know, what I wanna say,  
I can't afford the throw, can't make it go away now.  
Try to make it through, fuck your decision,  
I can feel myself but I'm burning up now.

Whaooh oooh (never gonna find me)  
Whaooh Whaooh (never gonna find me)  
Whaooh Whaooh (never gonna)  
Whaooh Whaooh  
Whaooh Whaooh  
Whaooh Whaooh
