Feel the way it grows
When the words have left a mark
With a promise of tomorrow
that drinks and leaves you in the dark

Theres something in the air
Yeah Theres something Rising Up
Not one but a million
and Ive had Enough

Hey Yo, No
Im Not gonna Go Away
Ive got something More to say
Cant guess screaming legendary
That you Tell Me

Hey Yo, Go
The Underneath Will tear you down
Secrets From The Underground
Anger ????? So Far

This Is Not An Anthem
or A threat In Someones Name
But A Promise That Tomorrow
We'll Rock and burn If things Dont Change

Theres something in the air
Yeah Theres something Rising Up
Not one but a million
and Ive had Enough

Hey Yo, No
Im Not gonna Go Away
Ive got something More to say
Cant guess screaming legendary
That you Tell Me

Hey Yo, Go
The Underneath Will tear you down
Secrets From The Underground
Anger ????? So Far

Underneath Will tear You Down
Whoa-o-o-ah
Secrets From the Un-der-Ground

Hey Yo, No
Im Not gonna Go Away
Ive got something More to say
Cant guess screaming legendary
That you Tell Me

Hey Yo, Go
The Underneath Will tear you down
Secrets From The Underground
Anger ????? So Far

Hey Yo, Go
Hey Yo, Go
Secrets From The Underground
Anger ????? So Far

There May Be Some Problems but the Song only Came
Out Today.
