Before you started tokin'
You used to have a brain
Nuh now you don't get even the simplest of things
I can draw a little picture
Or even use my hands
I try to explain but you just don't understand
Man you're really losing it
And you've really done a lot of junk now
But you keep on abusin' it
What in the world happened to you
It's bad enough you do it to yourself
But taking someone with you
Well you know that's something else
I say I'm not that kind of person
I'm not that kind of man
I try to explain but you just don't understand
I might be sympathetic or cut a little slack
If I thought that you were killing to give a little back
But you do it in the morning
You do it in the night
You lie to refrain from just facing your life
So I'll see you man tomorrow
You'll be gackin' up again
I'll see you in a coffin by the time your wad is spent
I think of all the times that I tried to lend a hand
I try to explain but you just don't understand
