Now, I don't know and its hard to explain, but it seems
like things are just kind of insane because the world is
crying but nobodys listening so please leave a
message on my cell phone

I see bullets getting better Biblical weather
And the guy on T.V. is like a total asshole
What are you wearing tonight?
Celebrity fundraiser tight Blackties making wrongs
right How's your social bandaid?

I don't know much
I don't know too much
But I know this
Shit is fucked up
La, La, La La, La
I guess it's all about the dream
La, La, La La, La
The ends justify the means
La, La, La La, La La La
I'm telling you
Shit is fucked up

La, La, La La, La
You know it's all about the dream
La, La, La La, La
The ends justify the means
La, La, La La, La La La

Now thank God for the media
For saving the day
Putting it all into perspective in a responsible way
With more celebrity news Typical bullshit views
I think we're losing this fight sponsored by Bud Light

Now we're rockin' the casbah
And taking the flack
The genie's out of the bottle
And we can't put him back (put him back)
All this stuff
It's overwhelming my brain

Can't you see the storm coming
It's coming this way

And I don't know much
I don't know too much
But I know this
Shit is fucked up

La, La, La La, La
I guess it's all about the dream
La, La, La La, La
The ends justify the means
La, La, La La, La La La
I'm telling you
Shit is fucked up

La, La, La La, La
You know it's all about the dream
La, La, La La, La
The ends justify the means
La, La, La La, La La La Justify the means

Shopping Sprees, RPG's
Ecstasy
Atrophy
Genocide
Pimp my ride
Politize
Euphemize
Injustice everywhere
Apathy
I don't care
Hurricanes
Climate change
Huh!

Therapy, I won't tell
Rehab and LOL
Worldwide calamity
TV Reality
Euthanize, supersize
Death squads and boob jobs and
VIP infamy
Gratify instantly

I dont know much
I dont know too much
I dont know much
I dont know too much

La, La, La La, La

I guess its all about the dream
La, La, La La, La
The ends justify the means
La, La, La La, La La La
I'm telling you
Shit is fucked up

La, La, La La, La
You know it's all about the dream
La, La, La La, La
The ends justify the means
La, La, La La, La La La
The means, the means
