Ra Ra Riot
"For Once"

I, I don't compete
There was a time I was incomplete
Had I been warned
I might have known what to do

And if I want to have it
I could have gone and had it
And if I wasn't defeated alone
Oh, I don't know why

For once, for once
For once, for once

I, I can't go wrong
I said it for ages, but
I never get no help
Oh hiding from my former self

And if I want to have it
I could have gone and had it
And if I wasn't defeated alone
Oh, I don't know why

For once, for once
For once, for once

Oh, I don't know why

For once, for once
For once, for once
For once, for once
For once, for once
For once
