All my days they end too slow
And I wonder where I've left to go
Anyway, there's no such thing as company
I've discovered all I've got to do

What is it that gets you through
Another day when I'm not there
Wish we could be more open
I don't have time to think of how you are

All my days they end too slow
And I wonder where I've left to go
And besides I've got no one but myself to blame
I've discovered all I've got to do is

Run my mouth off
Run my mouth off
Run my mouth off
Run my mouth off

When I dream it's not of you
Something in your voice that I can't hear
But some company it is
Because I feel so close when I wake
And in fifty years no one will care
That I was once there

All my days they end too slow
And I wonder where I've left to go
Anyway, there's no such thing as company
I've discovered all I've got to do is

Run my mouth off
Run my mouth off
Run my mouth off
Run my mouth off

Never wanted time for looking back
For a moment I look down and wonder
And of what's to come today
Girl, I wonder where you are

All my days they end too slow
And I wonder where I've left to go
And besides I've got no one but myself to blame
I've discovered all I've got to do is

Run my mouth off
Run my mouth off
Run my mouth off
Run my mouth off

Run my mouth off
Run my mouth off
Run my mouth off
Run my mouth off
