[Chorus 1:]

Call me, lovely Reaper  
Deeper into the City  
And I'll be your pet, Yeah  
Until I'm dead,  
Until I'm...

[Verse:]

Dead in SOHO  
And the world is getting hollow  
Dead Â– there was no higher plan for me  
Dead in SOHO  
I'm the God, I'm Andy Warhol  
Dead Â– I've suffered plans for everyone myself

[Chorus]

[Verse 2:]

Here we are at the suburbs  
Of the Art World  
Here we are at the home of sorrow  
Masters Â– Disasters

[Chorus]
