I Think by 112

He said that you were crazy
He said that you were losin your mind
And that you dont know how to treat a man
But baby you do me just fine
Everytime he comes around
He tells me how you did him wrong
Telling me you broke his heart
But I dont really give a damn about what he says
Cause check this out

Chorus

I think (I think) that youre a beautiful woman
And I think (I think) that you deserve a good man
I think (I think) that I could be the man for ya
So baby wont you take my hand
I think (I think) that youre a beautiful woman
And I think that you deserve a good man
I think that I could be the man for ya
So baby (baby) wont you take my hand

He says your disrespectful
And that you dont know how to carry yourself
And now hes tellin me your ghetto
But still I want no one else
Im really sick and tired of him
And the way that he talks about you
I think im gonna tell him (oh yea oh yea) hey i love that
woman

Chorus

He's always telling me that youre not the one for me
But I see things in you that he would never see
So no matter what he says and baby no matter what he
might do
There is nothing and no one that can change my
feelings for you oh baby yea

Chorus
