What is this?
Numbers in your pocket.
I remember when you, use to throw those things away.
Why do you wanna keep in touch now.
Who gave you a reason, to act so shady.
Baby you know you can call me anytime
Anything you needed I would give it to you. That's how
much I cared for you.
Wanna act now, never call me back now, turning off
your cell phone, girl you know it aint cool.
I don't understand..
Chorus
Baby it's a shame we gotta go thru this
Cuz we can't even talk now,
We don't even kiss.
I never wouldda thought we'd be
breaking up like this.
But it's over now, it's over now.

You think that I don't know what's going on, cuz your
always home alone.
And I'm always out of town.
You need to stop trying to play me, cuz you can't even
fade me. I know you're messin around.

Chorus 2x.

Baby it's a shame, a shame that we go thru, the things
that we go thru, when
you're in love with me and I'm in love with you. I think I
that we should talk about our problem instead of
running away. Oh baby it's a shame, we couldn't work it
out, forgot what love was all about it. And the feelings
we had from the start, my heart will always be with you.
Chorus
