I always flirt with death
I look ill, but I don't care about it
I can face your threats
Stand up straight & tall and shout about it

(Chorus)

I think I'm on another world with you, with you
I'm on another planet with you, with you

You get under my skin
I don't find it irritating
You always play to win
I don't need rehabilitating

(Chorus)

Another girl, another planet
Another girl, another planet

Space travel's in my blood
And there ain't nothing I can do about it
Long journeys wear me out but
I know I can't live without it

(Chorus)

Another girl is loving you now
Another planet, is holding you down
Another planet
