There's nothing you can do, girl
There's nothing you can say
You're talking to the sky, babe
I just got to get away, yeah

Got to hear the wind song
Singing in my ear
Got to get it on, girl
And I'll never make it here

(CHORUS)
Cause the wind was my mother
The highway is my brother
I was born to wander
And it's time for moving on
I was born to wander
Turn around and I'll be
Gone, gone, gone

I'm just following my heart, girl
And it's following the sun
Looking for an answer
I know may never come

But I gotta chase my dream, girl
Like a river to the sea
Got to find a rainbow
That's waiting there for me

(CHORUS)

Gonna move

Yeah, I was born to wander
I said I was born to wander
Yeah, born, born to wander
(Born to wander)
Born to wander
(Born to wander)
Got to find me an answer
(Born to wander)
Not a thing you can say

(Born to wander)
Just gotta be this way
(Born to wander)...
