This ugly motherfucker in the mirror (this fuckin mirror)  
Punch a hole through this mirror (what am I supposed  
to do?)

This faggot in the mirror (can't deal with this breathin  
shit)

I hate this breathin shit (life is fucked up)

Yo yo yo

I can't believe the way I'm feelin

I wake up still poor plus the pain that exists ain't never  
healin

(Day by day) day by day goes by time is wasted

My situation make me want to take a permanent  
vacation

I'd die for my pride plus I'm tired

I got no more respect left for the people in the past that  
I admired

(I'm not shit) I'm not shit (I'm not shit)

I won't be shit (I won't be shit)

I eat shit; I cut my veins and then I bleed shit

Plus kid, no man can be trusted

I lusted for the spare custard

I see the mirror close, fist got busted

I get no bitches cause I'm broke

The last bitch I had fucked my crew and tried to play  
me like a joke

It's gettin closer to my big hour

I bought my first gun, a sig sauer

Y'all know it's the only way to get power

But I ain't shit

Even with this gat I ain't shit (I ain't shit)

Ten years down the line the same shit (I ain't shit)

I blame myself but at the same time blame society

If yo ass don't know me then yo ass shouldn't be tryin  
me

Put the sig in my pants and grabbed the switchblade

that I got from my man the Harley Davidson rider

Better known as One-Eyed-Jake the Suffolk County biker

(I can't deal with this shit no more yo, oh man)

I start to feel the shit

I see this clique they think they ill as shit

But they won't think they ill when I start killin shit

Hey na na na now (x4)

Now let's get back to business  
Witness the finish, shit is menace  
being broke make motherfuckers turn to sinners  
I go to Smithaven Mall to see if anybody wants some  
Anybody want some? But this is gonna cost em  
I walk in the sneaker store  
My ass is about to get raw  
Look at my watch it's a quarter past four  
My mind's blank, flippin, shittin  
This the dead zone  
I see this spanish kid listenin to reggae on his  
headphones  
I grabbed him, snatched him backwards  
Smacked him, he tried to react is when I was tempted  
to put a cap in him  
But I didn't, I figured it was best if he was livin  
Pulled the sig out everyone inside the store started  
shittin  
I made everybody in the spot get down on they fours  
I made a 300 pound woman strip down to her drawers  
It was sickenin, I couldn't believe what I was doin  
My life is ruined at the age of 22  
And it's for real, tryin to find the spot the safe is  
Cannot escape this, I'm scared to be in jail with all the  
rapists  
I tried to rule the world but I blew it  
I gave the fat naked bitch the gun to kill me, she  
wouldn't do it  
So I took the gun back and beat her down  
I gotta find a place to creep now (I gotta be out)  
Yo, yo  
This where my shit stops  
I turned around, surrounded by six cops  
Put the clip in my sig got six shots  
They made my skull almost cave in for misbehavin  
It's cause I chickened out and threw the gun down and  
gave in  
I had no respect on the outside  
But now I got less respect on the inside (inside)  
I tried to rule the world but I blew it  
Wishin I was dead but I still don't got the guts to do it

Hey na na na now (x4)
